

WELCOME MESSAGE FROM MARY ACKENHUSEN

It is my pleasure to welcome you to the 83rd Annual CIPHI Educational Conference in Richmond BC.

This year's conference theme "Honouring Traditions, Inspiring Innovation" will explore the modern concepts of improvement through technology, new information and ideas; while recognizing traditional fields of Environmental Public Health.

The theme resonates well for me as a public health leader and a person who has had a public health inspector in the family. I know how important it is for health professionals to work together to learn from one another, create opportunities that foster innovation, encourage closer working relationships, and to find ways to address new and emerging health issues in an era of constant change.

Please use this fantastic opportunity not only to expand your knowledge but to renew old friendships and establish new networks that will serve you into the future.

Mary Ackenhuse
President and Chief Executive Officer
Vancouver Coastal Health

Sunday, November 5th Welcome Reception 1800-2100					
Monday, November 6th Registration 7:30-8:30 Breakfast in Minoru Room D 7:30-8:30
